# Books & Bingo

**3rd & 4th grades**  
**Wednesday Nov. 16, 2011**  
**1:15-3:00 pm**  
**Elementary Cafeteria**

*It's BINGO with a  
vocabulary twist!*

# What is Books & Bingo?

This is our way of reinforcing the vocabulary on the

PSSA tests. We identified important vocabulary

words from four subject areas: Animal Science, Lan-

guage Arts, Reading, and Mathematics. Take the first

letter from each subject area and we

get ALARM. The students will as-

semble two ALARM cards, one for

themselves and one for their adult

guest using the vocabulary words.

During the ALARM game, the caller will read the

definition of the selected term and the players will

mark their ALARM playing cards accordingly. The

second A in ALARM has been dedicated to Aiquip-

pa places, things, and events. ALARM is played until

one player gets five words in a row, straight, up and

down, or diagonally.

The purpose of ALARM is to bring parents and stu-

dents together in advancing our content vocabulary.

Parents as partners in their child's education is crucial

for academic success!

\*\*Grandparents, guardians and caregivers are wel-

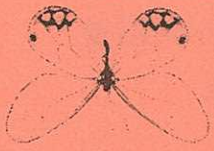

come to attend as the guest adult.

## Vocabulary Lists

### Animal Science

habitat  
fulcrum  
life cycle  
decomposer  
weather
