

## Reading Reminders

Do I:

1. Read to my child?
2. Have my child read to me?
3. Read something myself every day?
4. Have my child see me reading?
5. Have a library card?
6. Take my child to the library?
7. Subscribe to a newspaper or magazine?
8. Have books in my home?
9. Read recipes with my child?
10. Read street signs/directional signs with my child?
11. Read instructions with or to my child?
12. Have fun reading with my family?

## Every Day Fun With Numbers

Does our family?

1. Work through real life math problems?

For Example: Shopping, calculating “on sale” items

2. Read recipes and discuss measurements?

3. Help my child understand money?

For Example: Recognizing it, counting it, making change or saving it.

4. Discuss shapes or patterns ?

5. Have an analog clock in our home?

6. Estimate time in fun ways?

For Example: How long will this line take? How long will it take to drive to school?

7. Have fun math tools, such as, rulers, dice, dominoes?

8. Have examples of numbers written in standard form (236), expanded form ( $200+30+6$ ) and written form (two hundred thirty six)?
