

Leé o Truco

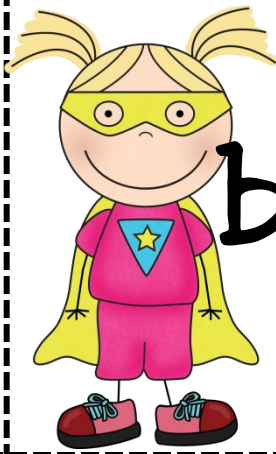

By Mercedes Valentin

Instructions: Print, laminate and cut out cards. 2-4 children can play during literacy center time. Students take turns picking a card from the pile. If they can read it, they keep it. The one with the most card at the end wins the game! The person that picks the "truco" card gets to take a card away from any other player! (Fountas & Pinnell Spanish sight word list 8).
